

UPDATE ON PUN HLAING HOSPITALS AFTER MYANMAR EARTHQUAKE

The Board of Directors (the "**Board**") of OUE Healthcare Limited (the "**Company**", and together with its subsidiaries, the "**Group**"), refers to the reported 7.7 magnitude earthquake with epicentre located 16km north-west of Myanmar's city Sagaing, near Myanmar's second-largest city, Mandalay, on 28 March 2025.

The Company holds a 40% stake in the joint venture companies that own, operate and manage Pun Hlaing Hospitals, which are located in the key cities of Yangon, Mandalay and Taunggyi in Myanmar. The Board wishes to inform that the management of Pun Hlaing Hospitals has conducted a preliminary inspection of the Pun Hlaing Hospitals following the earthquake and confirmed that the hospital building in Mandalay had sustained some physical damage. The hospital buildings in Yangon and Taunggyi are largely unaffected. With the extensive damage caused in Mandalay and communications in the aftermath of the earthquake severely hampered, the full extent of the impact on the Group can only be ascertained after more detailed assessments.

Based on information provided to the Company to-date, there have been no reported casualties among staff and patients. The hospitals in Yangon and Taunggyi remain in operation, albeit affected by electricity shortage, but the hospital in Mandalay has suspended operations. The Company will continue to monitor the situation and will provide further updates as appropriate.
